Q&A

Q: Will you be changing any curriculum - A: Not at this time. We continually purchase updates to our existing curriculum but no major changes planned currently

Q: Why do we have to pay for noon duty aids when other school do not - A: Dr. Kimberly Guerin will bring this to the budget committee for review

Q: Why does MTA not have transportation for after school activities - A: staffing shortage is an issue, looked at contracting agencies but they were twice as expensive. Looked at a different league to play in that was much closer but still exploring that possibility
